Financial Year – 2023-24

Notes to the Financial Statements

1. As per our observations it was seen that the expenses like electricity and Rent are merged and being shown as office overhead expense and not bifurcated and shown separately as required to be shown individually expense wise.
2. During the year, in some cases the supporting invoices of the bank vouchers prepared are invoices from unregistered dealers and very small unregistered hawkers, the same invoices do not contain any name, address, communication details etc of the vendors and thus cannot be relied upon. Also end use of the same cannot be verified. The accounting entries of many such expenses do not contain names of vendors and directly booked as expenses.
3. The trust has received specific donations / grants from few organizations / trusts. Such donations / grants are specific as well as conditional. Un-expended amount out of each such donations / grants liable to be returned or redirected as per the directions of the donors. Accordingly, unexpended amounts, as at the Balance Sheet date, are shown as liability. Likewise the excess amount spent that is chargeable from such donors / organization is shown as recoverable from respective Donor. Recoverable grant is shown as (-) amount in the respective schedule of the balance sheet. Hence, the total amount of liability as shown in the balance sheet is inclusive of the unexpended donations / grants net off donations / grants recoverable from donors.

The Trustees are of the opinion that the amounts shown to have been utilized/ expended out of such grant/ donations are correctly reflected. If the same is disputed, necessary adjustments will have to be made. In case of joint funding, the trustees have claimed that they have freedom in charging respective grantors / donors within their approval budget limits.

4. The trust has not sent balance confirmation letter to any party. Balances are, therefore subject to confirmation. Adjustments if any, be made on confirmation from party(ies)
